

ERRATA EDITION

CASSIE

News

Castellorizian Newsletter Number 107, October, 1997, had a number of spelling and typographical errors. These were not the fault of the Editor, Mr. Michael Sparteis, nor the fault of any member of the Board of Directors. As the appointed consultants for the artwork, layout, desk-top publishing, design and printing of Cassie News since 1993, Marketing Impacts takes full responsibility for these and thus sincerely apologises to the members who may have been inconvenienced or misinformed by the inaccuracies, as well as to the Editor and Board of Directors, for any embarrassment this may have caused. We will ensure this is not repeated. Hence, today's Errata Edition of Cassie News.
