EDITORIAL

CASTELLORIZIAN UNITY

On the 7th April a new committee will be elected to administer the affairs of the Brotherhood for the next two years. It is hoped that

the aim of the new committee will be to foster Castellorizian Unity in what will be an exciting era, as the next two years will see the community make a concrete decision regarding the future of the Sth. Melbourne property. Whatever the Castellorizian Community decides will effect the whole future of the Castellorizian organisations in this state. It is hoped that the community can unite toward the one main goal of making the Castellorizian organisations aware of their future responsibilities, while at the same time, maintaining those traditions of our Castellorizian-Greek heritage that will be relevant in the last quarter of this century.

The outgoing committee is confident of the ability of Castellorizians to solve whatever problems may come our way and the old committee hope that the unity of purpose of Castellorizians will be strengthened in the years to come.

The President and the Committee of the Brotherhood extend their best wishes to the personel of the new committee who ever they may be. We feel that the new committee, given the general support of the membership should not set limits on what it can achieve for the general welfare of all Castellorizians.

The Committee of the
Castellorizian Brotherhood.

THE GREAT LEAP FORWARD

The past two years has seen the greatest administrative reform of the affairs of the Brotherhood since it was formed in the 1920's. Due to an enthusiastic (though, sometimes misjudged) committee the following progressive steps have been attained.

- (1) The Brotherhood has now an English language constitution.
- (2) All people over the age of 18 years (male or female) can now be ordinary members of the Brotherhood with both sexes having equal voting rights.
- (3) A new list of members has been compiled.
- (4) The Grapevine has been started and is now an established part of community life.

These and other steps have left the path clear for the new committee to work for a solution to the Dorcus Street question. As such, I find it hard to escape the conclusion that all the hard work put in by the committee has been worth it. Though various community members have been quite vocal in criticism of the activities of this committee I feel that critics have failed to take into account the great leap forward.

I must record my debt to the personnel of the committee for the diligent way they administered the Brotherhood during the past two years. Finally, I appeal to the youth and young adults of the Castellorizian community to take an active interest in Castellorizian affairs, for it will be on your efforts combined with others, that will determine the future of the Castellorizian community and the role it plays in Victoria.

STAN PIPEROGLOU.

This proved to be a huge success with nigh on three hundred people in attendance, many being old faces from way back. Some of our regulars, however, were absent, and we regret that they missed such a happy family occasion.

The races were, to say the least, diverting, and the hilarity expressed by onlookers showed how amusement can be shared by young and old alike.

Kevin C. Mangos, our one and only Castellorizian punter modestly revealed that it was his managing of his brother that had brought him success.

Funny how the older starters seemed to tire after 500 yards and had to be revived with a beer at Leo Koutsoukis' conveniently located car where their energy strangely seemed to desert them.

Whose dad never even started off in the right direction ???????????????

Some picnicians remained also for tea ... ALAS ... A bunch of GRAPES surveyed the grounds after the bulk of the Castellorizians had departed, and were horrified to see the mess left behind in the form of beer bottles, icy-pole sticks and wrappers, can and fruit peelings. The GRAPES, helped by Kevin (punter) Mangos, John A. Adgemis and Michael Mangos, set about trying to get the grounds in some semblance or order. Please Don't leave Rubbish Lying Around. ONLY DOPES RUBBISH AUSTRALIA.

GOSSIP: - Andrew A. Jackamos has been very clearly in the limelight in the Australian Sporting scene recently for his wonderful diving feats. As well as winning the silver medal in Christchurch, he has also come second in the Australian Championships. His defeator in each case, Don Wagstaff, is finding the 18 year old star harder and harder to beat. In the last competition, Wagstaff's total was 496.2. Andy's was only 18 points behind - exceeding his past scores by more than 8 points. With more experience, who's to say what he can do.

A daughter (Mary Vanessa) was born to Mrs. Nick Lucas on the 30th January. The Grapevine congratulates Mr. & Mrs. Lucas on this happy event.

Welcome to Mr. & Mrs. Hetrelezis who have recently shifted from Sydney. We wish them and their family success in Melbourne and we hope to see them participate in Castellorizian affairs.

DO YOU JUST BELONG?

Are you an active member, the kind that would be missed,
Or are you just contented that your name is on the list?
Do you attend the meetings and mingle with the flock,
Or do you stay away and criticise and KNOCK?
Do you take an active part to help the work along,
Or are you satisfied to be the kind that "JUST BELONG"?

C O U N C I L O F Y O U N G G R E E K S (C Y G)

There is always much controversy amongst Victorian Greeks as to why
we have so many different Greek association and organised clubs. Are
we to stay in our cliquy groups or are we going to mix with other
Greeks. Several organisations expressed their desire to call a
meeting of the heads of interested youth groups in order to discuss

what can be done about getting "Greek Youth" together. A council was formed for the purpose of fostering relationships between all the groups. Its aims are to create different activities e.g. a combined ball, sporting carnivals, discussion groups etc., so that alliances between all associations will improve. Functions should not clash anymore and most people will know about all functions which they can attend. The council does not have a constitution, but a set of guide lines which are not binding and can be subject to change. Each group has the opportunity of chairing a meeting. At present the clubs represented in the council consist of:-

The Cypriot Youth Club
Greek Orthodox Youth of Australia
E.E.A. MA
E.O.N. (Mentone Church group)
Samos Youth
Monash Greek Club
Castellorizian Youth

A newcomer's Interpretation of Aussie Rules:

Now that me and me mate is nationalised, we think maybe we go to the Football, which is the sport of all the Australians they do play. So we goes to the football.

When we is all made up into the sardines, two mobs wearing ski-jumpers rush upon the ground, and run around picking up grass. Aslo a fella comes onto the ground who owns a football. He is called many things by the sardines, but mostly he is called "Yamung"

Two guys called captians, they go off and have a game of two-up. When they tell Yamug the results, he gets mad, blows his whistle and throws the ball away.

Then a fella with straight hair called Curly, he kicks the ball through two flagpoles, and the crowd, she roars again, A poor fella in a white coat, waves two flags to surrender, but they keep attacking him until the air-raid siren goes, Then they all go home.

As we leave the ground, I say to me friend Guiseppe that we'd better not bring no more money the next time we comes, because when we are leaving, I hear one of the sardines say that 'we wuz robbed.'
